Who does michelle pick and what's the story behind it?

The spoiler God, RealitySteve, called it from the very beginning of the show. They stated that Michelle picked Nayte Olukoya, who had been a practical frontrunner since the start of the season. But still the finale of the 18th season did a convincing job of making it look like that Nayte was the long-shot contender for Michelle's hand in marriage, which was also picked up by Steve.

So when Michelle and Nayte participated in some rituals with a Mexican Shaman, they were meant to release the emotional blockages that they had been feeling. During that ritual, Michelle noted that Nayte was very uneasy which could turn out to be a massive red flag for her.

But later on, Nayte articulated his feelings and expressed by saying, 'He wants to end all the fights with her and want to do a real world with her', to which Michelled said, 'This is what I wanted'.

Also later that night, Michelle quizzed him about whether he was ready to propose to her with the right words, he said, 'All I do is think about a life with you and I'm so ready to go on one knee for you'. This made Michlled say in a voiceover, 'This is my person'.

And finally after all the good things happened between them, Nayte proposed to her with a very sweet proposal, 'The first time I met you, I knew then that we had a connection and as I now stand in front of you with the same feelings. I just want to run away with you', to which Michlle replied, 'This has definitely not been a smooth ride. And then after the longest pause ever, she held him and said, 'I Love You with all my heart and you're my soulmate, actually soul-nayte'. And they both happily ended up being with each other.
